

Monday 22nd	Tuesday 23rd	Wednesday 24th	Thursday 25th	Friday 26th
<p>Starter: Find 5 blocks (lego; duplo; jenga etc) What is the tallest tower you can build out of those blocks? Can you position them in different ways? Even though you use the same number of blocks it can be a different height. Just because a tower is taller doesn't mean you have used more blocks. (Remember this when counting and comparing - just because an item may be bigger doesn't mean there will always be more)</p> <p>Watch video on School Website</p>	<p>Starter: Subitising match game. Cut of the cards and match the dot cards to the numeral cards. See if you can match without counting the dots. You can also make this a memory match game with all cards facing down.</p> <p>Watch video on School Website</p> <p>Comparing pom pom chilli challenge cards</p>	<p>Watch video on School Website</p> <p>Powermaths practise purple sheet "are there fewer?"</p>	<p>Watch video on School Website</p> <p>More or fewer 10 frame game. Use the 10 frames cut out. Place them face down and pick 2 up. Can you compare the two ten frames? Use the language of more, equal and fewer.</p>	<p>Starter: Find and compare picture. Have a look at the picture. What can you see? What can you say about the picture? Can you use maths language? More/Fewer.</p> <p>Powermaths purple sheet "draw more flowers"</p> <p>Extension game: comparing animals</p>
